Appl. No. 10/009,473

Reply to Notification to Comply of September 16, 2003

Thus, the deadline for response was November 16, 2003.

Although Applicant believes the initial entry into the U.S. national stage on November 8, 2001 complied with the sequence listing requirements (as will be discussed below), Applicant requests herewith a two-month extension of time until January 16, 2004 to comply with the Notification. The Commissioner for Patents is hereby authorized to charge \$420.00 for the two-month extension of time to Deposit Account No. 01-1300. However, Applicant respectfully submits that because the original national stage submission complied with the sequence listing rules, Applicant should not be charged for this extension of time.

Enclosed herewith please find the following items evidencing that the original national stage submission complied with the sequence listing rules:

(1) Photocopy of postcard date stamped by PCT/PTO on November 8, 2001. The postcard indicates that a sequence listing disk and Rule 821(f) statement were enclosed.

(2) Photocopy of mailer containing the sequence listing disk which was submitted on November 8, 2001.

(3) Photocopy of sequence listing (four pages) which was submitted on November 8, 2001.

(4) Statement under 37 C.F.R. 1.821(f) which was signed by the undersigned Applicant's attorney, and which was submitted on November 8, 2001.

Also enclosed herewith is a duplicate of the original sequence listing disk. The only change is to the label on the disk, which now bears both the Express Mail number of the November 8, 2001 submission, together with the Express Mail number of the instant submission.

Applicant respectfully submits that, based on the foregoing, the initial entry into the U.S. national stage on November 8, 2001 complied with the sequence listing requirements. Therefore, all formalities under 35 U.S.C. 371 have been met, and this application should proceed to the Examiner in the U.S. national stage.

Respectfully submitted,

---
